

CHECK YOURSELF

DITCH YOUR GRASS

- ✓ Replace water-guzzling grass with native landscaping
- ✓ Desert plants will help you save money on your water bill
- ✓ Get paid to lose your lawn, check out local turf removal programs

WHAT'S YOUR
20%?

Partner with the Desert Water Agency to Conserve Water

When Governor Brown declared a drought emergency, he called on all Californians to cut back their water use by 20%. Desert Water Agency is taking the current drought very seriously and recently enacted water-saving programs and partnerships that encourage conservation. For more water saving tips and information on DWA's water conservation programs, go to:
